EMPOWERING THE LIVES AND FUTURES OF LATINOS IN WISCONSIN

HPGM is committed to increasing economic prosperity and growing Latino influence for a stronger Wisconsin.

We are **HPGM**

Founded in 2001, HPGM exists to support and advance Latinos in Wisconsin by serving as a catalyst for professional and educational achievement. For 25 years, HPGM has served as a connector, convener, and hub of services for current and aspiring Latino leaders.

HPGM is a membership organization whose mission is to connect and unite Latino Professionals, students, and the community with a rich heritage, strong leadership, and impactful initiatives. We are committed to empowering the lives and futures of Latinos in Wisconsin through leadership development, investment in educational excellence, and by convening and engaging the region's dynamic Latino professional community.

HPGM is driven to address the barriers preventing Latinos from full economic participation by serving as the premier resource for Latino educational attainment, professional achievement, and financial well-being. We build the current and next generation of Latino leadership by providing impactful professional development opportunities and fostering meaningful connections. As a thought leader, HPGM continues to convene around critical issues that directly impact the community. We strive to increase representation, build intergenerational wealth, and close the influence gap across all sectors.

Our **MISSION**

Increasing **economic prosperity** and **growing Latino influence** for a **stronger Wisconsin**.

Our **VISION**

A Wisconsin where **economic** and **social advancement** is a reality for **all Latinos**, and we reach the **highest potential** for **ourselves**, our **families**, and **communities**.

Our **STRATEGIC PLAN**

HPGM's big goal is to directly impact the economic opportunity and effective representation for Latinos by supporting the elimination of barriers to higher education and high-earning careers for Latinos in Wisconsin. The data and insights detailing the growing need for support for Latinos within the Greater Milwaukee area heavily informed the objectives and priorities of our 2023-2026 Strategic Plan. We're confident this intentional approach will sustain our growth and deepen our impact within the community we serve, honoring our legacy and building a better, bigger, and stronger future for Wisconsin's Latino Community. Over the next two years, HPGM will focus on delivering advanced outcomes within the following key strategic areas:

Systems & Infrastructure

Create and design innovative systems over the next two years that will establish a sustainable infrastructure to optimally leverage data and ignite our value proposition for brand, culture and mission outcomes.

Financial Sustainability

Enhance and diversify HPGM's revenue streams to strengthen our financial position for multi-generational growth.

Strategic Partnerships & Programming

Establish distinctive programs and strategic partnerships that position HPGM as a network of influence and vital catalyst for Latino (professional and academic) achievement.
